Mathematica Site License Distribution Process

March 8, 2011

Mathematica installation and activation process:

A user would follow these steps to install Mathematica.

1. Set up a Wolfram User Portal account here: <https://user.wolfram.com/portal/login.html>. **They must use an email address ending in upr.edu or uprrp.edu.** Once the registration is completed, they will need to check their email and click on a link to validate that they used a correct email address. **They only need to set up a Wolfram User Portal account one time; once they have an account, there is no need to do this step in the future.**
